We will keep a record of any further personal advice we provide you for 7 years. You may request a copy of these documents in writing during that period.

In the event we make a recommendation to acquire a particular financial product (other than securities) or offer to issue or arrange the issue of a financial product, we must also provide you with a Product Disclosure Statement or Investor Directed Portfolio Service (IDPS) containing information about the particular product which will enable you to make an informed decision in relation to the acquisition of that product. You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Other Documents you may receive

If you enter into an Ongoing Service Agreement with your adviser for a period greater than 12 months, a Fee Disclosure Statement (FDS) will be issued to you. The FDS will contain information about the services you are entitled to, any services you have received over the previous period and the fees you paid during the previous period.

The FDS also includes information about the fees to be charged and services to be provided for the coming year and seeks your consent to renew our ongoing services.
